SNN Presents: Sleep and Your Child With Special Needs

Join us to learn about a topic close to most parents' hearts – sleep! While a good night's rest is essential, it is even more critical during early childhood development, and disrupted sleep patterns have unwanted knock-on effects.

Speakers:

Dr Albert Li

*Chairman,
Department of
Paediatrics,
Chinese University
of Hong Kong*

Dr Alice Siu

*Clinical Assistant
Professor, Department
of Ear, Nose and Throat,
and Head and Neck
Surgery, Chinese
University of Hong Kong*
